### Assembly:

1. Stamp the wine glass image twice onto Whisper White Card stock piece using Basic Gray Archival Ink.
2. Then stamp the wine using Fresh Fig Classic Ink in each wine glass.
3. Adhere finished focal point onto Sahara Sand card stock. Add Stampin' Dimensionals to the back and adhere to Fresh Fig Card stock piece.
4. Add adhesive to about ½ of the portion of the layered focal point. Adhere to the card front. (Important: You'll want to make sure of which side you want the adhesive on and that the adhesive will only be on the card front so that you don't adhere the card closed.)
5. Adhere Fresh Florals Designer Series Paper to the right side of the (inside) card base.
6. Stamp the inside Whisper White card panel as desired and adhere to the left of the Fresh Floral Designer Series Paper.
7. Finally take your piece of Fresh Fig ½" Finely Woven Ribbon and slip it inside card and around the front. Tie into a knot and trim ends.
8. Decorate your Whisper White Envelope as desired.
