Tropical Escape Thank You Card Tutorial

Assembly:

1. Adhere the Multipurpose Adhesive Sheet onto Shaded Spruce Card stock as per package instructions.
2. Run Adhesive backed Shaded Spruce card stock through the Big Shot with the Thank You Thinlits Die. (You will want to run it through at least twice so that it cuts well.) Set aside for step 7.
3. Adhere the two designs of the Tropical Escape Designer Series Paper pieces onto Shaded Spruce card stock. (There will be a gap between the pieces that will be covered in the next step.)
4. Next, adhere the Granny Apple Green card stock strip onto the layered piece, so that it covers the gap in the Tropical Escape Designer Series Paper panels.
5. Place a piece of 6" Whisper White Classic Weave Ribbon on to the Granny Apple strip and adhere onto the back side.
6. Now you can adhere the layered piece onto the card front.
7. Remove the protective panel from the Thank You card stock die cut and adhere to the upper panel as shown.
8. Tie a bow out of the 8-10" piece of Whisper white Classic Weave Ribbon. Trim ends as desired and adhere onto card front using a Mini Glue Dot.
9. Stamp the inside Whisper White panel as desired and adhere.
10. Decorate your Whisper White Envelope as desired.
