Multipurpose Liquid Adhesive (110755)

Mini Stampin' Dimensionals (144108)

Glue Dots (103683)

Darling Label Thank You Card

Continued:

1. Stamp the sentiment onto Petal Pink Card stock using Powder Pink Classic Ink.
2. Punch out the sentiment using the Darling Label Punch.
3. Stamp sentiment again onto Petal Pink Card stock, this time using Soft Suede Classic Ink. Using your paper snips cut the word Thanks out.
4. Adhere the cut out Thanks onto punched piece using 2 Mini Stampin' Dimensionals. Set aside for step 11.
5. Adhere Soft Suede card stock to card front.
6. Next, run Very Vanilla card stock piece through the Big Shot using the Garden Trellis Embossing Folder. Adhere to Soft Suede layer on card front using Multipurpose Liquid Adhesive.
7. Punch out a 2" Circle from Vellum Card stock.
8. Using Glue Dots attach the Vellum Circle to the card front. (Place Glue Dots where the punched shape will go so that they do not show.)
9. Next run a couple of short pieces of snail in the center of the Vellum Circle.
10. Take the Gold Mini Sequin Trim and lay it onto Snail to adhere.
11. Finally add Mini Stampin' Dimensionals to the back of your Thanks focal point. (These Mini Stampin' Dimensionals will finish helping hold the trim in place).
12. Adhere to the front of card.
13. Stamp inside Very Vanilla panel as desired.
14. Stamp envelope as desired.
