## Merry Christmas to All Card

### Assembly:

1. Ink up the sentiment using Cherry Cobbler Classic Ink and stamp on Very Vanilla Card stock.
2. Adhere the sentiment onto Mossy Meadow Card stock.
3. Slip the Galvanized Clip onto lower left-hand side of layered sentiment.
4. Using a Dental Flosser, slide the Festive Farmhouse Cotton Twine through the Galvanized Clip and tie into a bow. Trim ends as desired. Set aside for step 8.
5. Spritz the Cherry Cobbler card stock with water or rubbing alcohol and then run the Cherry Cobbler card stock piece through the Big Shot using the Corrugated Dynamic Textured Embossing Folder.
6. Begin building card front by adhering Festive Farmhouse Designer Series Paper to the card front.
7. Next adhere the Cherry Cobbler Corrugated Embossed piece about a ½ inch up from the bottom of the Designer Series paper. (I use Multipurpose Liquid Adhesive for these heavily textured pieces.)
8. Add Stampin Dimensionals to the back of the sentiment along the top only. Add some Multipurpose Adhesive along the bottom of the sentiment and adhere to the card front.
9. Stamp inside Very Vanilla panel as desired and adhere.
10. Stamp envelope as desired.
