

REVERSE DIE CUTTING

Add a reverse image to any project with a few simple steps using your Stamparatus

Directions:

1. Place your stamp on the Stamparatus plate and stamp on to card stock.
2. Remove card stock and stamp onto Silicone Craft Sheet.
3. Flip card stock over and place back onto Silicone Craft Sheet carefully.
4. Reink image and stamp again onto card stock.
5. Finish images as desired.
6. Cut out the reverse image using your die on the "back side" of card stock.

Tip: Make sure you lift your card stock straight up and don't drag it across the stamped image and Silicone Craft Sheet

REVERSE DIE CUTTING

Supplies:

Stamparatus & Grid Paper
Stamp set – Dressed to Impress
Die set – All Dressed Up
Silicone Craft Sheet
Ink

Tip: The Grid Paper can be used to protect your card stock from the image on the Silicone Craft Sheet if stamping for multiple projects

Print on Whisper White Card stock and trim inside the lines.
