### Assembly:

1. Stamp the tree trunk image using Soft Suede Classic Ink onto Whisper White card stock.
2. Then use the 2-step palm image and the Granny Apple Green Classic Ink to stamp the palms on top of the tree trunk.
3. Then stamp the sentiment using the Bermuda Bay Classic Ink making sure to stamp it close to the trees so that it will fit into the punch.
4. Punch out the image using your 2 ¼" Circle Punch and set aside for step 11.
5. Punch the right end of the Whisper White card stock strip using your Triple Banner Punch.
6. To create the wave image, stamp the wave image using Bermuda Bay Classic Ink on the banner end of the strip. (I did a full image running off the strip.)
7. Then stamp a partial wave image using the Bermuda Bay Classic Ink on the left side of the strip. (the focal point will cover the blank or overlap area.)
8. To assemble your card, adhere the Whisper White card stock to the center of the card front.
9. Then adhere the Brights Designer Series Paper to the center of the Whisper White panel.
10. Adhere the wave/banner strip about ¾ inches up from the bottom of the Bright Designer Series Paper.
11. Add Stampin' Dimensionals to the back of the sentiment and adhere to the left side banner strip slightly to the left of center as shown.
12. Stamp the inside Whisper White panel as desired and adhere.
13. Decorate your Whisper White Envelope as desired.

Tip: You can create a mask so that you know where to stamp simply by punching a 2 ¼" out of a Sticky Note and placing it on top of the Whisper White card stock before you start stamping. Or since this is a photopolymer stamp set you can punch out your circle first and then stamp.
