Assembly:

1. Assemble box as shown in Video tutorial.
2. Stamp the sentiment using Basic Gray Classic Ink into the right-hand bottom corner of the Basic White Card stock panel.
3. Ink up the cat image with the Basic Gray Classic Ink, then using the Basic Black Stampin' Write Marker add color to the "line", heart outline and whiskers. Breath on the image and stamp onto the left side of the sentiment panel making sure the "line" runs off the top and side.
4. Using the Sweet Sorbet Stampin' Blends add color to the heart.
5. Layer the sentiment panel onto the Sweet Sorbet Card stock and then onto the Basic Gray Card stock piece. Add Stampin' Dimensionals to the corners and set aside for step #.
6. Place your treat into the box and add the cover.
7. Wrap a piece of Sweet Sorbet Metallic Woven Ribbon around the closed box twice and tie a bow along the far-left side on the top of box
8. Then add Stampin' Dimensionals to the sentiment panel along just the outside edges and adhere onto the box top. (The Stampin' Dimensionals straddle the Ribbon allowing you to open the box without destroying it.)
9. Using your Take Your Pick Tool add 3 In Color Matte Decorative Dots to the heart and around sentiment as desired.
10. Give your treat to someone sweet!
